SUSTAINABILITY

Because the beauty of a stay goes beyond the walls of your room,
we are deeply committed to preserving the environment around us.

We kindly invite you to switch off the lights and air conditioning when leaving your room,
and to opt for a moderate temperature (a few degrees can sometimes make all the difference).

Regarding water, such a precious resource, a simple gesture :
turn off the tap while soaping, and let it run only when needed.

As for towels, we invite you to have them replaced only at the end of your stay
or upon request (a towel left on the floor means it should be replaced,
while one hung up can be reused).

These small actions, when combined, reflect a sincere respect for our planet
and for future generations, who deserve to live in a world of rare beauty.

Switch off the lights
when leaving the
room.

Air conditioning :
low when in,
off when away.

Use water
responsibly.

Towel hung =
reuse, on the floor =
replace.

Every action counts. Thank you for joining us in caring for our planet.
